Father Morin Comes To St. Michael's

"Father Morin comes to St. Michael's with many years of experience with educational problems and with constructive ideas in dealing with them," said the Very Rev. Gerald E. Dupont, S.S.E.

"He is thoroughly familiar with the traditions of the college and the recent academic developments which have merited some notice in educational circles."

FORMER PRINCIPAL

A native of Springfield, Vt., Rev. Paul A. Morin has been principal of Cardinal Mindszenty High School at Dunkirk, N.Y., since 1952. Before that, he served the Society of Saint Edmund in several administrative positions.

"Father Morin brings to the Deanship deep personal interest, the patience and physical stamina to carry the heavy burdens of the office and forward-looking mind which will quickly win the respect of all his peers. I look for many improvements and continued development of the 'St. Michael's plan' under his leadership", remarked Father Dupont.

SMC ALUMNUS

Fr. Morin who earned his bachelor's degree at St. Michael's in 1936, added a Master of Arts degree in Latin in 1945. He taught, was principal, and religious superior at St. Edmund's Junior Seminary until 1947. From then until 1952 he was master of novices for the Edmundites at Putney, Vt.

Fr. Morin was ordained May 18, 1940 at Burlington by the Most Rev. Matthew F. Brady.

The new Dean came to St. Michael's as a student from St. Edmund's in Swanton, Vt. He played varsity football and hockey, wrote for student publications, played in the orchestra and took part in several stage presentations.

Rev. Paul A. Morin, S.S.E.
Academic Dean

Spencer In Politics

by James Larkin

November 11 elections for Chittenden County will find Dr. Robert Clark Spencer, Professor of Political Science at St. Michael's, bidding for a seat in the state senate. Ever since his victory at the primaries September 2, Dr. Spencer has been carrying on an extensive campaign of meeting and making himself known to the people of Chittenden County.

Ten Receive ROTC Awards

Lt. Col. Wiley Boudurant today announced the names of ten senior cadets who are to receive the Distinguished Military Awards.

Cadets recommended and approved for this honor are: Col. Richard J. Manning, Major Donald J. Houde, Lt. Col. Alexander J. Napier, Jr., Lt. Col. Donald P. Lamoureux, Lt. Col. Hubert J. Buteau, Major Lawrence A. Clifford, Lt. Col. Paul T. Fisher, Lt. Col. James J. Carroll, Lt. Col. James V. Canavan and Lt. Col. John J. Dillon.

SELECTION

When interviewed Lt. Col. Boudurant stated, "in selecting a distinguished cadet we take an overall view of his abilities and accomplishments in the AFROTC".

Factors considered in choosing the 10 honor cadets were: the students Quality Point average; his summer camp rating; AFROTC academic and leadership grade; the student command or staff assignment held in the cadet wing; and the recommendation of his instructor.

CADET AWARD

The designation of Distinguished AFROTC awards permits the cadet to apply immediately for a Regular Air Force Commission and to wear the Distinguished Cadet metallic ribbon.

In addition, each cadet selected will have a copy of his selection letter placed in a permanent military file so that reference to the Distinguished AFROTC Cadet award may be made by the cadet whenever he would apply for Regular Air Force Commission.

New Cadet Heads AAS

by James Carroll

Senior members of the Arnold Air Society this week elected Cadet Lt. Col. Donald Lamoureux as their new leader. This election was necessary because the former commander, Cadet Col. Richard Manning has been appointed head of the wing.

There is a clause in the National Constitution of the Society forbidding wing commanders to also head the Arnold Air Society. Mr. Manning automatically becomes Executive officer.

OTHER OFFICERS

Other officers include; John Dillion, Operations and Training Officer, Lawrence Clifford Information Services Officer, Hubert Buteau, Adjutant Recorder, and controller, James DesRoches.

MANY CHANGES

A merger made at the National convention last year made the Arnold Air Society and the now defunct Sabre Air Command, one unit. This brings the total membership to 81, consisting of 16 Seniors, 20 Juniors and 45 Sophomores. This large number of Cadets and the fact that this is the

EXTRA

Sunday Mass hours will be changed starting Sunday, Oct. 12, and an extra Mass will be added.

This Sunday, the Masses will remain at 7:30, 9:30 and 11:30.

Starting the following Sunday, the Mass hours will be 7:30, 9:00, 10:00 and 11:30. The Mass at 10:00 will be the High Mass.

To see if three Masses would suffice for the student body, a tentative schedule was set up at the beginning of the year.

Experience and student comment indicate that the four Mass schedule will reduce crowding in the chapel and help increase devotion.

WSSE On Monday

If you have been wondering why 570 on your radio dial draws only a steady hum, the question was answered today by WSSE president, Ed Fisher.

Fisher stated that the delay is due to vast amount of new equipment being installed in the studios.

A NEW SOUND

"In fact, everything at WSSE is new", said Ed. "A completely new engineering studio is being designed and built with the help of Father Coombs and the administration".

(Continued on Page 4)

5 Clubs Lose S. C. Support

by James Canavan

The formal announcement that the Debating Club and the Student Publications will no longer be financially under the jurisdiction of the Student Council was the most important item of note at Tuesday night's Council meeting.

Alumni To Convene

by Jack Klag

The Alumni Association is holding its annual election for the offices of president, vice-president, auditor and director. The election returns will be in by September 30, in order that the results may be published at Homecoming Weekend, October 10-12.

SHEEHAN

Thomas E. Sheehan, '50, national vice-president of the Alumni Association, is opposing incumbent president Daniel A. Alfeiri, '49. Sheehan, one of the few non-vets in his class, was business manager for the year book and received his degree in Business Administration. His military obligation was spent as an investigator for the Air Force. He is now a member of the James T. Sheehan Real Estate firm. Sheehan, a frequent visitor to the hilltop, has participated in two career days here at St. Mike's.

ALFEIRI

Daniel A. Alfeiri, from
(Continued on Page 4)

The long rumored action was verified by President Ron LaFleur as a simple statement of fact in his opening announcements.

REACTION

The reaction of the Council to the move was calm. Senior delegate Jim Canavan moved that a letter be sent to the Dean of Men requesting from the Administration a formal explanation of why the action was taken.

Jim Carroll amended the motion to include a request for the size of the budgets granted by the Administration to these clubs and the motion passed as amended.

JR. WEEKEND REPORT

Second in importance to the Council was a final report on its \$3000 investment in Junior Weekend last year. Speaking for the Class of '59, producers of the Weekend, Jim Carroll obviously took pride in announcing that a profit of \$93.11 had been realized. As the Council suffered a loss of \$1,000 just two years ago on Junior Weekend, the welcome report was received with a round of applause for Co-Chairmen Canavan and Carroll. Sophomore Carl Denisio also reported that in the realm of

(Continued on Page 4)

Strictly Speaking

by P. Terrence O'Grady

Due to its growing obscurity on this campus it has become increasingly necessary that some remarks be made as to the True purpose of Student Council. Aristotle points out that in order to gain the clearest picture of things we must study them in view of their growth or origins. So this will be our approach to this problem.

The common expression of student interest and activity is in the field of extra and co-curricular clubs. These activities should provide a further study and application of the principles learned in the classroom. They also establish an outlet for social, physical and mental balance. So, from this we can see that in the multiplicity of campus clubs there must be a unifying and coordinating government or else there is chaos. And since the American college campus is showing the very definite signs of anti-intellectualism and since social democracy has invaded the academic world, extra and co-curriculars are in need of much help, direction and organization. This is the function of Student Councils. I might add parenthetically that if Student Council has no authority in this field it is not a Student Council at all but rather a sort of club and an expensive one at that.

If Student Councils and extra-curriculars are to justify their existence as functioning parts of the college, they must direct their efforts toward the same final end of the college. When we say this, we are not inviting the role of Student Council but rather giving it direction and a definite *raison d'être*. Perhaps Cardinal Newman best expresses the end of the college in his words "... to produce the whole thoughtful man". With this in mind we see that the end of the Student Council is nothing so dramatic as producing world-beaters or dynamic leaders. It is simply to make the student a better student. It must have its primary concern in promoting and fostering an environment that abets the intellectual excellence of the student community.

It is not an outlet for budding politicians or debaters, Not a vehicle for *Who's Who* or a "good recommendation", Not a sort of leadership institute or laboratory in self-government or parliamentary law, much less is it a social policeman, despite its use or function on this campus. This is an utter confusion of its effects (?) with its end.

(Next Week: An application of these principles to our Student Council)

Fr. Ryan Leaves SMC For England

by Michael Burke

Among the new assignments in the Society of St. Edmund comes the announcement that the Rev. James F. Ryan, S.S.E., has been transferred to the Society's parish in Whitton, Middlesex, England.

FR. CORBETT

The parish, in Whitton, to which Fr. Ryan has been assigned is under the direction of the Very Rev. Leo J. Corbett, S.S.E., who is Sectional Superior of the Society in England. Assisting Fr. Corbett will also be the Rev. Augustine G. Berrell, S.S.E.

Fr. Ryan, who is originally from Rethluirc (Charleville) Ireland, entered the Society of St. Edmund while working in England near Whitton. After studying here at St. Michael's College, he was ordained in April of 1956.

His first assignment was at the College as Assistant Professor of English.

Whitton is a fairly large city just outside of London and the parish includes twenty-one missions in the surrounding area. It also has a school on the elementary level.

SAILED IN SEPTEMBER

Father Ryan spent some time earlier this summer in Ireland representing the Society of St. Edmund as Vocation Director. He returned to Winooski Park in early September, completed his affairs here, and sailed for England on September 12th.

While in Whitton, Fr. Ryan will be assistant to Fr. Corbett and will also tour the area giving vocational talks.

by Lawrence X. Clifford

The Question of the Week: What do three political science concentrators at St. Michael's think of United States Foreign Policy in Far East as exemplified by the the Formosan Crises?

Richard Manning, '59, Rockville Center L.I., N.Y.:

I imagine foreign policy of any nature has as a primary aim the fostering of it's own ideas and ideals on other peoples to attain some goal. The United States seems no different. The balance of power could hardly have us move from Formosa. Acknowledging a hatred for communistic ideology and practice eliminates any possible conciliation with Red China.

Our stand with Nationalist Formosa shows our belief of this and creates a thorn in Red China domination. To back out of armed conflict in a possible resulting limited war would loosen our world prestige, gain Formosa for Red China and place us again, in a few years in a similar situation. My thoughts are to sit by Formosa and try to hold together a cracking wall.

Dennis Murphy, '60, Hudson, Mass.:

The real issue in the United States Far-eastern foreign policy does not revolve around the immediate cases of the Matsu and Quemoy regions. The real question involves the right of the United States to stand-by those nations, in this instance Nationalist China, to whom we have pledged ourselves in the name of freedom to protect. If we fail to support these smaller nations in their time of peril we thereby are showing lack of strength. This in turn would do nothing but reduce us to second-rate power in the eyes of the world.

Red China knows the effect that would result from an all out global nuclear war. She can apply pressure and push the patience of the free world to the limit. By the use of the cold war she tries to obtain concessions diplomatically. For example one would be entrance to the United Nations. No, the United States must continue to stand and support Formosa and halt the aggressor.

Roger Plasse, '61, Springfield, Mass.:

We must stay in Formosa. The continued peace of the world as well as that of the United States depends on the free world's show of force, if necessary, to stop the sphere of influence being pushed out by the 'Red Menace'. Formosa, today, is a thorn burying itself in the side of peace. The communists, ever since 1946 have taken over almost everything they have wanted either by force or otherwise. Their eventual goal is domination of the free world, as everyone knows and Formosa is just one more stone on the path to that goal.

They must be shown and shown now, that the United States and the rest of the free world is ready, willing and able to fight to stop their menace to peace. I

The Broken Fungo

by Vin Farrell

After viewing last weeks column head you would think the writer of this Homeric Epic was Alfred Payson Terhune. I've had me so many "comebacks" that I feel like a cross between Pete Runnels and Madam Shuman-Heink. Well, so much for the small talk.

This weeks news item was certainly the arrival of Sen. Kennedy (sans sisters) in Burlington. The cross roads were full to see the dislodger in his initial strafing of the Green Mountains. The Parade was a Meredith Wilson dream all the way. Led by the Cathedral Symphony, playing "On Wisconsin" (they must have thought that Proxmire or Lou Perini were the subjects of the festivities), Handsome Jack, flanked by Sachem's Leddy and Fayette, marched down Church Street. We noticed a big "Keep Cool With Coolidge" sign plastered on City Hall.

Ave planned to hop the pond for the occasion but couldn't find Harry and his Kodak, any way it was too sunny for Carmine. Mrs. Roosevelt was also among the missing -- at last report she was only ten lengths back of Tenzig scaling the Matterhorn.

Those of us viewing that Colossus in the rain Saturday couldn't help but think of all that hen-fruit being tossed around with so much glee when the poor children of Alumni are starving. It certainly was a spectacle to behold. When they stormed Ryan Hall amid Rapid-Shave, water and half of the dividends stock of the Burlington Bottling Co. raining down, it certainly looked like a "Low budget" production *Ivanhoe*.

I certainly concur with Fr. Dupont's statement about the need for a new dining hall. I won't say the lines are long but last Sunday I had my steak in Science 107.

NOTICE

Due to great pressure on the part of some individuals, and this paper's continuous striving to maintain the highest standards pertaining to the profession of journalism, The Editor-in-Chief would like to retract the wording of a certain Bulletin which appeared on page 1 of last week's MICHAELMAN. May it go down in history that on Sept. 25, 1958 the Sophs dumped the Frosh 25-6, and not vice versa.

seriously doubt if the Russians would risk an all out war at this time, but in the event that they ever did, and wanted to use Formosa as a stepping off place they would meet the nuclear powered forces of the United States right there to trip them as they came. This is why I believe we are right in staying with Formosa.

Two Attend SMC From East Africa

by Thomas F. Murphy

St. Michael's, as a center of learning, has assuredly become world renowned. From such a distant place as Tanyanyika, East Africa, two students have come to receive their higher education.

Joseph Kabyemera and Lawrence Rutahakana, who speak English fluently, are in the regular four year program here. Both are Business Majors in their Sophomore year. Lawrence attended summer school while Joseph arrived by way of London to Montreal to New York City to Burlington this Fall.

Landing at the airport in Montreal, he happened to take the wrong plane and found himself thrown into the mass of humanity at LaGuardia Airport.

Now both have settled down to the routine, they have their work cut out for them. They were sent here with a definite purpose; to learn the workings of our economic system and impart this to their native country. They are symbols of their countries progress towards economic and religious stability.

JOSEPH KABYEMERA

Joseph was sent here on a scholarship from his bishop and intends upon graduation to return to the Co-op Union. He has employed with before. He received the equivalent of a Junior College training at the White Fathers College, East Africa.

LAWRENCE RUTAHAKANA

Lawrence, married and the father of four girls, has written two books on the Liturgy which have received the bishop's imprimatur, which needless to say, is quite an accomplishment for a layman. He, also, graduated from the White Father's College.

His scholarship was given him by the Bukoba Native Coffee Board where he had worked and he intends to return upon completion of his course here.

Both were extremely modest about their important roles in their countries plans as well as about their impressive backgrounds when this reporter interviewed them.

IMPRESSIONS OF SMC

When asked of his impression of the United States Joseph said; "It's just like home until the cold weather came." As for his view of St. Michael's; "I'm quite content, no complaints."

Lawrence said of the United States; "Your way of life has impressed me very much", and of St. Michael's; "The hospitality of everyone has been wonderful."

Glee Club Elects V.P.

by Jerry Curran

Election of a new vice-president was the first order of business at the first meeting of the St. Michael's College Glee Club last Monday night.

Dick Fanelli, '59, defeated Sophomore George O'Connor and succeeded Jack Bucalo, '59, as the new veep of the singing Michaelmen. Bucalo assumed the office of president held last year by Senior William Shaughnessy.

THE NEW VP

Fanelli, a senior from Yorktown Heights, New York, expressed his gratitude to the club on being elected and promised "...to do all that I can to make the Glee Club the most outstanding club on campus".

(Continued on Page 6)

BRIEFS

Paul T. Fisher, '59, has recently been elected Chairman of the Organization of Club Presidents. He succeeded William Shaughnessy, who resigned due to a heavy academic and other extra curricular demands. Fisher belongs to the organization as Editor of the LANCE.

The OCP comprises the heads and presidents of the 15 organizations on the Saint Michael's campus which are officially recognized by the Student Council and the administration. Every year they elect five representatives to the Student Council to represent the 15 organizations.

New Club Advisors

The Dean of Mens Office has made known the new moderator assignments for student activities.

CLASS MODERATORS

Due to the loss of Father James F. Ryan, S.S.E., who is presently in England, the class moderators have been changed. Father Boucher is the new moderator of the Class of '62. The Sophomore Classes moderator is Father Keating, a new addition to the St. Michael's faculty. The Junior Class has been assigned to Father Lacharite, while the Senior Class will be moderated by Father Paulin.

The following club moderators were also announced: Language Clubs, Mr. Smiard; Chemistry Club, Dr. Lemaire; Politics Club, Dr. Spencer. Mr. DiLorenzo a new member of the faculty is moderating the Biology Club. The Shield, Father Paulin; The Lance, Fadenadeau.

Mr. Stewart will again moderate the Debating Club; Knights and Knaves Club, Father Duford; The Glee Club and Choir, Mr. Donoghue; Mr. Donoghue is also in charge of the MICHAELMAN. Father Coombs is the moderator for Student Council and The Radio Club, WSSE.

NFCCS moderator is Father Lacharite; Mr. Kenney is the Crown and Sword Society.

Mr. James C. Ross recently joined SMC as the new College Representative to high schools and prep schools throughout the East.

Mr. Ross, a St. Michael's graduate of 1956, received an early release from the Army to come back to his Alma Mater to help out with Freshman Week.

After a week of vacation Mr. Ross returned to prepare his tours, which will include High Schools in New England, New Jersey, New York, and the Middle Atlantic States.

His major task is orienting guidance officials, students and parents to the offerings of Saint Michael's College. Ross, whose father is alumni secretary at NYU, is former business manager for the MICHAELMAN and The Shield.

Frank J. Dermody, director of student teaching at Johnson State Teachers College for the past four years, joined the Education Department of St. Michael's College this fall. Dermody who was a visiting lecturer in Education during the summer session has also assisted in the English for Foreign students program.

A native of Dorchester, Mass., Dermody was a cum laude graduate of Boston College in 1938 and did graduate work at Northeastern University, Boston College and the University of Vermont.

More than 30 Michaelmen showed up Monday at a meeting in CH 45 to find out how many students are interested in learning to serve Mass.

Rev. Raymond M. Poirier, S.S.E., prefect of chapel, said that the response exceeded his expectations. A second meeting was called for Monday at 7 to select a name for the organization and to elect officers.

Others who are interested will be welcome, Fr. Poirier said. They will have an opportunity to serve Masses on Sundays and weekdays.

Sunday servers will be: master of ceremonies James Nolan; censer bearer John Gilece; acolytes, Joseph Gulick and William Cosel.

Newest airman to be added to the staff of the Air Force ROTC detachment at St. Michael's College is T/Sgt. Robert T. Moore, education specialist. Moore comes to St. Michael's from Bryan Air Force Base in Texas. He arrived at the same time as a commendation which he earned for his meritorious education work at Bryan with Texas A&M and Sam Houston State Teachers College. Entering the Air Force in August 1947, he was first assigned to the School of Aviation Medicine at Randolph Field, saw service in Korea and was assigned in 1953 to Bryan AFB.

SHAKESPEARE & English Majors

by Joseph Gallagher

"Shakespeare is the happy hunting ground of all minds that have lost their balance."

If one takes the word *Shakespeare* as representing esthetic literature in general, or that which attempts to make its appeal as esthetic literature, perhaps one might say that the question is indicative of the general attitude of a large number of college students.

The latter category of course includes those of us attending St. Michael's. Surprisingly enough, into this latter category fall many of those who compose that unfortunate campus phenomenon known as the English major -- or concentrator.

It is by no means my intention to say that college students do no reading beyond what is necessary to pass a course or to flunk it with an admirable persecution complex. Paper bound volumes of a slightly different nature and of a slightly more reasonable fee than those included in the Humanities course abound in most collegiate areas. (However, a law should be passed regarding the deceptive covers of such books. Many an American youth has been heartlessly lured into reading the first few pages of *Brave New World* by the mammoth spectacle of a couple careening in tortured nakedness through nuclear catastrophe.)

While on the subject of literary tastes, one ought to mention that the quotation opening this discourse is found in a book which contains some of the bluntest filth ever set down in the English language. Unfortunately the author had not the commercial foresight to avoid presenting it as an integral part of a volume which numerous critics consider a work of immense and complex literary genius.

There are intentions to have a literary column, predominantly contemporary, appearing weekly in THE MICHAELMAN. The writer has the comforting assurance that nobody will read it. I do not propose to carry on a crusade for the elevation of student culture. Perhaps in some distant era, certainly not in this one, students will walk oblivious, through these winters of perpetual rain, vowing to realize their esthetic potentialities -- promising fervently to themselves, "... yes and my heart is going like mad and yes I say yes I will Yes."

Law Exam Date Set

by Robert E. Pellegrine

Dates for the 1958-59 Law School Admission Test and the Graduate Record Examinations were released today by the Educational Testing Service.

The Law School Admission Test required of applicants for admission to a number of leading American law schools, will be given at more than 100 centers throughout the country on the mornings of November 8, 1958; February 21, April 18, and August 1, 1959.

The Law School Admission Test, prepared and administered by the ETS, features objective questions measuring verbal aptitudes and reasoning ability rather than acquired information. It cannot be "crammed" for.

GRADUATE RECORD EXAMS

Graduate Record Examinations, required of applicants for admission to a number of graduate schools and by an increasing number of donors of graduate fellowships, will be administered four times in the coming year. During this fall candidates may take the exams on Saturday, November 15. In 1959, the dates are January 17, April 25, and July 11.

The GRE tests offered in these nationwide programs include a test of general scholastic ability and advance level tests of achievement in sixteen different subject-matter fields. Candidates are permitted to take the Aptitude Test and/or one of the Advanced Tests.

APPLICATIONS

A candidate must make separate application for admission to each law school or graduate school of his choice and should inquire of each whether it wishes him to take the tests and when. Since many law schools and graduate schools select their classes in the spring before their entrance, candidates for admission to next year's classes are advised ordinarily to take either the November or early spring tests. Completed applications must be received at least two weeks before the desired testing date of the examination for which the candidate is applying.

For further information contact Mr. Thomas Kenney at the Placement Office.

Sr Seminar To Begin Next Week

by R. Hickey

Mr. Thomas J. Kenney, Director of the Placement Office, announced today that a series of evening seminars for seniors will be held from October 13 to October 17 commencing at 7:30 each evening.

ASSISTANCE & ADVICE

When interviewed, Mr. Kenney said, "the Placement Office, as in the past, has set up a cycle that will benefit seniors in their quest for employment after graduation. Nightly lectures by competent men, a personal interview with the Placement Office, and finally, interviews with representatives of

(Continued on Page 6)

Spencer

(Continued from Page 1)

ticket, Dr. Spencer will try to break through the traditional Republican control. His platform includes, improvement of school science programs, improved state aid for school construction, responsible highway planning, adequate unemployment compensation benefits, development of natural and industrial resources and just distribution of St. Lawrence Power.

The Democratic candidates along with Dr. Spencer include Russell Niquette of Winooski, Mr. Hector Marcoux, Burlington and Mr. John O'Brien, South Burlington. Opposing them on the Republican ticket are Mr. Lyman C. Hunt, retired Superintendent of Schools, Charles Ross, of Burlington; Allen Alfred, South Burlington and Howard Lunderville, Williston.

REASONS FOR RUNNING

When asked his reasons for running Dr. Spencer said, "As a professor of Political Science, who teaches others to participate in public life, I think I should serve also."

Dr. Spencer has been a professor of Political Science at St. Michael's College for 10 years, a member of the Jericho School Board and a Staff Member for the Commission to Study State Government, also known as "Little Hoover Commission".

Alumni

(Continued from Page 1)

Ardsly, N.Y., is public information officer for the United States Department of Agriculture. While attending St. Michael's he was editor of the MICHAELMAN and received his degree in English. Alfeiri has participated in every career day since his graduation in 1949.

AKEY

Judge Kenneth Akey, '47, of Burlington, Vt., and Daniel J. Fitzgerald, '51, of Newark, N.J., two ex-basketball stars, are running for the office of vice-president. After receiving a degree in English, Judge Akey went on to study law at Boston College. He is now Probate Judge for the county of Chittenden, Vt. Judge Akey, while at St. Mike's, set a new scoring record and was named all-state forward.

FITZGERALD

Daniel J. Fitzgerald, before receiving his degree in History, was the treasurer of his class and worked on the yearbook staff. Along with Ed Markey, he was known as one of the original "Quiz Kids".

The candidates that have been nominated for the office of auditor are: William J. O'Hearn, '51, Newton Center, Mass., former Loyalty Fund chairman, and Paul P. Heinig, '50, Clinton, Mass.

For director, three candidates have been named: Rt. Rev. Msgr. David Bushey, '41, Worcester, Mass.; Frank J. Cotter, '52, Mineville, N.Y.; and Dr. J. Barron Clancy, '40, Albany, N.Y.

This election is one of the most hotly contested elections that the Alumni Association has held in about five years. Many of the candidates are putting in a great amount of time and effort campaigning for the respective offices.

Council

(Continued from Page 1)

profits the Class of '61 gained a balance of \$190 from the "Beanie Bounce" held on campus last Saturday night.

SOPHS VS LAFLEUR

In the meeting's only list of Parliamentary prowess the Sophomores challenged a ruling

of the Chair that no Sophomore would serve on the Student-Administration Committee. Don Dakin and Dick Hickey opened the attack by making the original motion that a Sophomore be added to the committee.

LaFleur countered from precedent, pointing out the committee had been composed of only Juniors and Seniors in the past. He also alluded to the inexperience of second year men and to the fact that any objection to the committee's membership should have been made a week ago when it was originally appointed. He therefore ruled the motion out of order.

The hard pressed Sophs were saved by Roberts' discipline, Terry O'Grady, who suggested the motion be made in the form of an appeal to a decision of the Chair. Hickey made this motion and a roll call vote showed the Council 26-4 in favor of the appeal.

President LaFleur will reconsider his ruling.

REVISION COMMITTEE

Progress in revision of the constitution attained concrete form as LaFleur appointed a committee for this purpose. Chairmen by Jim Canavan, the members are David Dowd, Charles Messenger and Paul LoRusso.

The necessity for a Constitutional revision was brought to light in the Council's first meeting. Rev. James R. Coombs, moderator and Dean of Men, told the Council that the Student Guide had been changed and the Constitution now needs revision to conform to the Guide.

It was pointed out that any amendments made to the Constitution must be approved by the entire student body in the general elections next May.

Fr. Coombs announced that the Student Council will nominate 13 Seniors for the "Who's Who in American Col-

leges and Universities" selections. Final choice of 11 men will be made by the Dean of Men and Dean of Studies. He also brought the Sunday Mass situation to the Council's attention, stating that in all probability we shall have four Masses instead of three on Sundays in the very near future.

Arnold Air

(Continued from Page 1)

first year basic cadets have been members necessitates many internal changes both on National and local scale.

Mr. Lamoureux stated that he expected things would be operating with utmost efficiency within a month. He also pointed out that a great deal of work has already been done on the forthcoming Military Weekend, which he claims will be the best yet.

The Arnold Air Society is an organization of Air Force R.O.T.C. cadets from 203 of the nations colleges and universities.

MISSION

The Arnold Air Society has adopted as its mission the following four inter-related objectives:

- To promote American citizenship in an Air Age.
- To advocate the support of Air Power.
- To further the purpose, mission, tradition and concept of the United States Air Force as a means of National Security.
- To create a closer and more efficient relationship within the Air Force Reserve Officers' Training Corps.

WSSE

(Continued from Page 1)

"Such things as new Hi-Fidelity turntables and microphones coupled with a new and powerful board are also being installed by the technical department of the station. "Yes even more" said Fisher, "WSSE will be putting out approximately three times the power used in previous years, resulting in better tone and quality throughout the campus".

REORGANIZATION

Under Fisher's leadership, a reorganization of the staff has been set up with several new departments. The distinction inaugurated back in 1954, the president and station manager were in the same department. Now, the station manager will handle only the broadcasting aspect of the station.

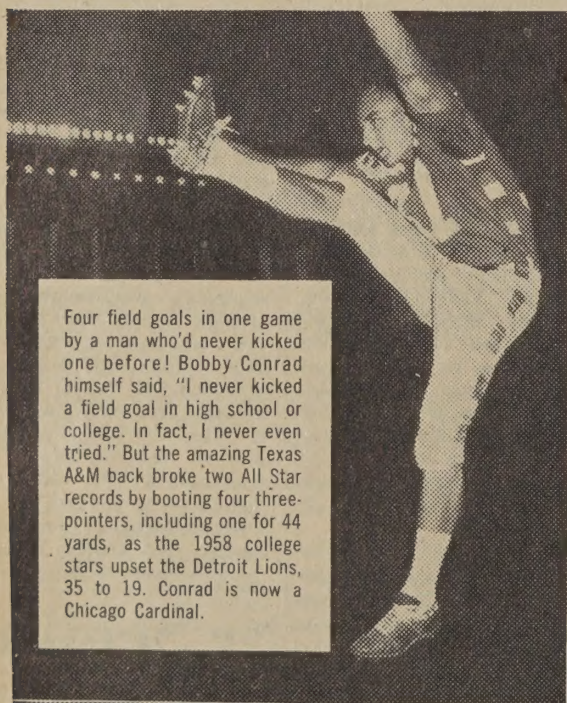

Ed Fisher, president, and Vic Grenon, station manager, stated jointly that they feel sure that because of the creation of the new departments, efficient operation in all the aspects of radio broadcasting will be made easier and clearer than in the past.

THE STAFF

In staff positions this year are James Kerrigan, '61, as Business Manager; Carmine Pizza, '61, Chief Engineer; Neil Kelly, '61, and Bill Mazur, '60, as Technical Director, Joseph Hart, '61. Under the new departments started this year are Frank Lyons, '61, News Editor; James DesRoches, '59, as Sports Editor. Publicity will be under the direction of Don Crummy, '61.

With all these departments operating efficiently, Fisher ensures all Michaelmen "real radio" for '59.

THEY SAID IT COULDN'T BE DONE - BUT TODAY'S L&M GIVES YOU-

Four field goals in one game by a man who'd never kicked one before! Bobby Conrad himself said, "I never kicked a field goal in high school or college. In fact, I never even tried." But the amazing Texas A&M back broke two All Star records by booting four three-pointers, including one for 44 yards, as the 1958 college stars upset the Detroit Lions, 35 to 19. Conrad is now a Chicago Cardinal.

Puff

puff

Less tars & More taste

DON'T SETTLE FOR ONE WITHOUT THE OTHER!

Change to L&M and get 'em both. Such an improved filter and more taste! Better taste than in any other cigarette. Yes, today's L&M combines these two essentials of modern smoking enjoyment—less tars and more taste—in one great cigarette.

On And Off The Boards

by Jack Dillon

It's only the beginning of October and in most College campuses around the country all eyes are on football, while on the hilltop everyone is looking forward to the first day of basketball practice, which starts in two weeks. Yes, on October 15 Doc Jacobs will hold his first practice and it's official now "No "Moose" and No Dorsey". What a club St. Michael's appeared to have last August! This team could have knocked off 80% of all college teams in the country without even working up a sweat. While on this subject, the Boston Celtics will be in town in a few weeks. Get your tickets early.

Enough of basketball for now, as there is plenty more to come this year. The World Series seems to be the current topic of conversation, odds are on the Yanks 7 - 5. I pick 'em in six. Burdette can't do it again. The betters show that Aaron is favored to get more hits than Mantle as the latter should walk at least four times and strike out three times.

This is the football season so I guess I should mention it. The new football rule of running or passing for the PAT, giving the team two points brought some odd scores into last weeks sports section, like 16 - 8 and 8 - 7. A good passing Quarterback can mean an awful lot to a team this year. Look for more injuries this year as a result of the one arm blocking. Who says it is supposed to be safer? While on football, have a few laughs for yourself tomorrow, go see the UVM Catamounts play them big ole Bears from Maine. If Vermont doesn't have anyone left Monday for practice, Frosh class president Jim "Moth" Carroll says his charges will represent the state of Vermont in the Yankee Conference. Don't forget to go and have a few laughs.

It seems that interclass tennis has been lost during the summer. Nobody seems to know what happened but from what I hear it won't be starting. Anyone interested see Puccini the pro.

Rumor has it that there is going to be an all star football game. The interclass Allstars are going to play the AFROTC Advanced Cadet Allstar team. This should give the freshman and sophs the incentive to play better ball, so you will be picked for the team and thus be able to get back at those mean cadet officers. The tentative date set for the game is November 8th; in the morning as part of the Military Weekend activities.

Word has it that the ROTC detachment Officers and NCO's have a bowling team that is unbeatable and are willing to take on all comers. Anyone interested?

Anyone interested in getting into the interclass "FRISBE" Tourney, contact "Lefty" on second floor Alumni.

Bernard Rooney, '60
Captain, Ski Team

ROONEY LEADS SMC SKIERS

by Bert and Harry

The first front os the Fall has hardly dried on the pump-kin but an early sign of a long Winter is already in sight.

Ski team coach, Dominique Casavant, and his sweat-suit clad aspirants were seen last week working out on campus. The training schedule has begun for another vigorous campaign.

2 PLATOON SYSTEM

The team will again operate on the two platoon system, having Nordic and Alpine squads. Returning to the Nordic squad will be Capt. Bernie Rooney, '60, Pete Culhane, '61, and Bob Rice, '61, who made fine showings in cross-country and jumping last season.

Once again the Alpine team will depend upon Joe Vargas, George O'Connor, and Paul Larue, all of the class of '61. These boys turned in some outstanding performances last year in downhill, slalom, and giant slalom. Backing up these veterans are a number of Frosh candidates some of whom will undoubtedly fit into Coach Casavant's plans.

Many improvements are underway on the new St. Michael's ski jump. Plans include raising the lip and grading the run-out area. The jump should be ready for action by the first snowfall.

INTER-COLLEGIATE MEET

St. Michael's will again be the sponsor of an inter-collegiate ski meet at the campus Winter Carnival, with the jumping as one of the feature events of the Weekend.

Roger Rivard, captain of '56 team and a St. Mike's grad, recently returned to his Alma Mater for a short visit. While overseas with the U.S. Army, Rivard was a member of the Ski Patrol in Germany. Some of his excellent slides on skiing in the Alps were shown at last week's Outing Club meeting.

The inter-collegiate schedule is as follows for the '58-'59 season:

Jan. 4 and 5	Norwich B
Jan. 17 and 18	Hanover Relay
Jan. 31 and Feb. 1	SMC Carnival
Feb. 7 and 8	Lydonville B
Feb. 13 and 14	Colby Carnival

SMC ANNOUNCES TOURNEY TEAMS

St. Michael's College today announced the four teams that will participate in its annual Invitational Tournament.

The Tournament will be held Dec. 18-19 in Memorial Auditorium, Burlington, Vt. The invited teams are Assumption College of Worcester, Mass., LeMoyne College of Syracuse, N.Y., the University of Vermont of Burlington and host, St. Michael's.

Athletic Director George (Doc) Jacobs, said that two games will be played each night with the two losers facing each other in the first game of the second night. The two winners of the first night will face each other in the finals.

Last season St. Michael's won its own tournament by beating Adelphi of Garden City, N.Y., in the finals. Other teams that the Knights beat in last year's tournament were American International of Springfield, Mass., and Bowdoin of Maine.

After winning its own tournament, St. Michael's went on to be rated the number one small college in New England for the third time in a row. After copping the New England NCAA title, the Knights went to the finals of the NCAA at Evansville, Ind., only to be beaten by the University of South Dakota. By doing this they became the number two ranked small college team in the country.

Last season Assumption was (16-4); Belmont (15-10) LeMoyne (11-11) and St. Michael's (19-7).

Homecoming Weekend will feature the annual Harvest HOP sponsored by the Outing Club, Club President Daniel Peacock said today.

It is slated for Saturday, October 11, at 8 p.m. Admission will be \$1.00, stag or drag. All students as well as the alumni are cordially invited to attend.

Fred Armstrong has been appointed chairman of the social event. Other committee members are Dick Henneberry, John McDonald, George Puga, and Flo Menninger.

What started out as an "egg throwing contest" between Freshmen and Sophomores at Beanie Field Day, turned into a "low budget production of Ivanhoe", to quote Mr. Farrell, may we say that no casualties were reported, when the Frosh attempted to storm the Sophomore residence hall - and a good time was enjoyed by all.

Scramble Pans Out

by Roger Plasse

The class of '61 reports that it's Field Day and "Egg Contest", topped off later in the evening with a dance, was a great success, - several ways.

\$200 PROFIT

Class president Dick Hickey announced that the class of '61 cleared about \$200. Due to inclement weather, most of the contests scheduled for the Field Day were cancelled. However, the memorable "big scramble" between the "Ryan-ers" and the Frosh made up for the rest of the cancelled scheduled competitions. At the end of the hectic day the Sophs had piled up a score of 99 to 0.

Since the football game was rained out, the '61's used the score of the interclass game with the Frosh. There they gained 50 points and added another 49 points for winning the "egg scramble".

FROSH LOOSE BEANIES

During the course of the evening's entertainment, Bill Mazur and his "Knightones", played "the Saints" in honor of the Freshmen. It was at this point that the Frosh were supposed to toss their beanies but due to the light fingers of the "Ryan Rowdies" many a beanie is hanging in the halls of Ryan.

Now that the Freshmen have lost the privilege of wearing their beloved beanies and the Sophs have made a clean sweep of the Field Day, everyone is happy.

Fr. Doherty Aids Superior

Rev. Raymond J. Doherty, S.S.E., Newton Highlands, Mass., has been appointed secretary to the superior general of the Society of St. Edmund, Very Rev. Jeremiah T. Purtill, S.S.E., Father Doherty is an honor graduate of St. Michael's college where he pitched baseball, wrote sports publicity and was editor of "THE MICHAELMAN". He is also a veteran of the U.S. Marine Corps.

SOPHS DEFEAT SENIORS 13-6

by Don Dakin

Monday evening saw the Sophomores beat the Seniors 13-6 in a game marked by a Sophomore runaway in the first half and a Senior comeback in the second half.

The seniors got the kick off to open the game and could go nowhere as the sophomore line, composed of Boisseau, Torykian, Clifford and Novak, boxed them in. Then Kerrigan took over, clicking on quick passes to Denny McCarthy and Dick Guilmette in the flat and ultimately to McCarthy in the end zone.

SOPHS RUNAWAY

The ball changed hands back and forth until midway in the second quarter when again Kerrigans' passes found ready receivers. This time it was Guilmette who caught a long one in the end zone. The extra point was made on a pass to Danny Mahoney who caught 4 out of 4 passes during the game.

The second half again found the seniors being nowhere. Their plays were unorganized and their lines lifeless. Shea's long passes were being knocked down and the little ground gained running was negligible. An interception then placed the ball in sophomore territory where Lamoureux hit Senecal as the latter made a fabulous leaping grab over the goal line.

BRAULT AND EDWARDS

The line play of Alby Brault and Jack Edwards kept the seniors alive in the final period as Kerrigan's passes were hurried and therefore inaccurate. Nevertheless, the sophomores intercepted a pass and took over with 3 minutes to go. It was too late for the seniors. Gary Andrews' performance as safety for the sophomores was the best show of the game with Kerrigans' quarterbacking also great. A word should also be mentioned of the fine offensive play of Bob Senecal for the seniors.

SAILING TEAM TO END ACTIVITIES

Athletic Director, George Jacobs, has announced that Sailing activities will be temporarily suspended for the coming year.

At a recent meeting with Bill Hill, Commodore of the S.M.C. Team and Pete Culhane, Secretary; "Doc" said that he felt suspension of activities would be in the best interests of the team and all involved.

During the past few years, a handful of students interested in the sport of Sailing has tried to keep the team active, but lack of decent boats and proper home facilities, and the great distances which have to be traveled to away meets have made the sport expensive and impractical.

MODERATOR NEEDED

Furthermore, the team has never been able to obtain an enthusiastic and interested moderator so necessary for the maintenance of strict organization and discipline essential to any team active in competitive sports.

REORGANIZATION PLANNED

It was with these thoughts in mind that "Doc" suspended the activities of the team for this year. He hopes that during this time the team can be reorganized properly, a suitable Moderator found, and home facilities and boats be improved.

WANTS EFFICIENT TEAM

Jacobs said that he did not want to abandon the idea of a Sailing Team but merely wanted an efficient well-run racing team instead of a haphazard student "Yacht Club" type of organization.

GOOD RECORD

During its existence here on the "Hilltop" the Sailing Team kept in good standing with the New England Inter-collegiate Sailing Association of which it was a Provisional member and maintained a fair race record in its meets throughout New England.

Any interested undergraduate is welcome to attend any of these sessions.

REPRESENTATIVES TO VISIT HILLTOP

Mr. Kenney advises that the first company to be represented on campus will be Maxwell House Coffee Co., on November 17.

Other commitments already made are IBM, The Mass. Mutual Life Insurance Co.

In a hotly contested game that resulted in a Sophomore win over the Seniors, 13-6, the Senior men, Jennen, Senecal and Shea, make a valiant, but vain effort to intercept a Sophomore pass that resulted in a touchdown.

Glee Club

(Continued from Page 3)

CONCERT TOURS

Plans are already being made for concert tours during the school year.

The popular double quartet, *The Knightlites*, will be back with the Glee Club again this year. Jim Aquino, Joe Kennedy, George Mutrie, Jack Bucalo, Dick Fanelli, Pete Dowling, John Taylor and one newcomer will provide the close harmony for the group.

EXTRA

A team of Naval Aviators from the U.S. Naval Air Station, South Weymouth, Massachusetts will be on the campus, in the Snack Bar, October 7 and 8 to discuss Naval Aviation with interested and qualified young men.

The Navy's Flight Training Program is designed primarily for the two to four year college student with emphasis presently on the college graduate.

Seminar

(Continued from Page 3)

many of the nations top companies are made available to all seniors."

LECTURES

Dr. Jeremiah K. Durick, chairman of the English Department, will hold a seminar on "proper business English".

Mr. Paul Power a member of the Political Science Department, and a new member of the St. Michael's faculty, will present "Across the Desk". Mr. Power is former corporation personnel manager.

Rev. James R. Coombs, SSE, Dean of Men, will explain, "the testing situation", that each senior is faced with this year.

Mr. Kenney will give a complete resume of the situations facing each senior in his dealings with the Placement Office. There will be a question and answer period upon the completion of each lecture.
